CAREER OBJECTIVE

Energetic tech enthusiast and aviation expert with a Bachelor's Degree and Generation Thailand's junior software developer certification. With a meticulous focus on airline safety and a diverse background shaped by global travels, meditation, and volunteerism, I bring a unique blend of skills to Mobile Connect. Proficient in language, leadership, and impactful presentations, I am recognized for my counseling, empathy, and adept team leadership. Enthusiastic about merging my technological prowess and service-oriented mindset, I am eager to contribute positively to Mobile Connect's growth journey. Committed to leveraging my experiences to drive innovation and make meaningful strides within the team's dynamic environment.

WORK EXPERIENCE

Senior Supervisor

Thai Airways PCL.

June 1995 - May 2021 / Bangkok, TH

- Revised and edited technical manuals for an electronics company, ensuring accuracy and clarity in the documentation
- Served as Executive Pilot Secretary, managing administrative tasks with precision and confidentiality
- Verified passengers' documents, efficiently issuing boarding passes while maintaining meticulous attention to detail

ATM System Analyst

Bangkok Bank PCL.

November 1991 - January 1994 / Bangkok, TH

- Offered counseling services to bank branches for addressing accounting imbalances and ensuring financial accuracy
- Performed maintenance on individual out-of-order ATM machines to ensure uninterrupted service and optimal functionality
